

TRIP REPORT

# Northeast Argentina

October 2008

Kini Roesler

## INTRODUCTION

Our annual tour to Northeast Argentina took place between 13<sup>th</sup> and 23<sup>rd</sup> of October. The trip total was 408, a great achievement which contained a good variety of bird families. It was particularly interesting as regards raptors, since we had 23 diurnal species including the much sought-after (and Endangered) Crowned Eagle. We also had excellent views of several secretive species, such as Yellow-breasted Crake and Canebrake Groundcreeper. A trip surprise was a trio of Chaco Pipits displaying on a wheat field in Entre Rios (a first provincial record). Other highlights worth mentioning include White-bearded Antshrike, Black-and-white Monjita, Strange-tailed Tyrant, Yellow Cardinal, Marsh Seedeater, Saffron-cowled Blackbird, to name just a few.

As usual, our trip started in Buenos Aires. This year an unprecedented drought was affecting the whole region, so there was no water in any of the lagoons at Costanera Sur. Additionally, a rain storm started during our visit, so we decided to move out and spend some time at some city parks where we had White-tufted, Pied-billed and Great Grebes, two species of coots (White-winged and Red-gartered) and some herons.

The lack of water in Buenos Aires was later compensated as we proceeded on our way up north. At the following site, the Otamendi Nature Reserve, we found two specialties of the area: Curve-billed and Straight-billed Reedhaunters. Some ducks and ibises were added to the list too, together with Checkered Woodpecker, Wren-like Rushbird, Spix's Spinetail, Sulfur-throated Spinetail, Rufous-capped Antshrike, Diademed Tanager and many others.

Shortly after, we were birding the next province to the north, Entre Ríos. We counted numerous Southern Screamers, the three species of Whistling-Ducks and Rosy-billed Pochard. Bicolored Hawk, Crane Hawk, Aplomado Falcon, White-fronted Woodpecker, Scimitar-billed Woodcreeper, Suiriri Flycatcher, Bearded Tachuri, Black-and-White Monjita and Xenopsaris are some examples of birds seen in the woods and savannas typical of this province. The endangered Saffron-cowled Blackbird was one of the highlights in the area.

Reaching Iberá marshlands, its spectacular extension allowed us to find a good variety of both common and very rare birds. Rufescent Tiger-Heron, Roseate Spoonbill and three species of storks (Jabiru, Maguari and Wood) were numerous, and we counted Egrets by the thousands. Snail Kites and Long-winged Harriers patrolled the marshes incessantly, and we saw a Cinereous Harrier hunting a Blackbird! Other specialties seen in the area include Strange-tailed Tyrant and a collection of Seedeaters: Rusty-collared, Capped, Tawny-bellied, Dark-throated, Marsh, Rufous-rumped and Chestnut. Many of these species are range restricted and threatened.

We also did very well with rails on this trip. Giant Wood-Rail was largely the commonest one, and at dawn and dusk we heard Ash-throated Crake. Exploring other areas by land we added Spot-flanked Gallinule, Plumbeous, Blackish and Spotted Rails (another reclusive species). During the boat trip in Iberá we had Purple Gallinule, the elusive Rufous-sided Crake and another trip specialty: the very secretive Yellow-breasted Crake. From the boat we also enjoyed views of White-headed Marsh-Tyrant.

Two of the best species of the trip appeared while exploring the savannas. We had a fantastic sighting of two different Crowned Eagles, and two pairs of Yellow Cardinal were added to our rare bird list.

As we proceeded to the north, we caught several migrating waders, such as Greater and Lesser yellowlegs, Solitary and Pectoral Sandpipers, and the Upland Sandpiper (one was perching on a forest tree!). Shortly after crossing the border into the province of Misiones, we entered the spectacular Atlantic Forest. The most diverse ecoregion of the country awaited us for the last part of the trip. On our first day birding here we visited Salto Encantado Provincial Park, a rather unknown place with lots to offer: Spot-winged Wood-Quail, Tataupa Tinamou, Rufous-thighed Kite (possibly nesting?), Spot-backed Antshrike, Short-tailed Antthrush and Green-chinned Euphonia are some examples of the good findings.

Later on, we birded the central mountain chain that runs down the province of Misiones like a dorsal spine. Relict Araucaria forest patches near San Pedro hold some spectacular birds like Araucaria Tit-Spinetail, Chestnut-backed Tanager, Red-capped Parrot and three specials: Vinaceous Parrot, Canebrake Groundcreeper and White-bearded Antshrike. We had all of them after working several sites near the village. A night walk produced a pair of Stygian Owls.

Ultimately, we reached our final destination: the town of Puerto Iguazú, the doorway to the mighty falls. Birding on forest trails in and around the National Park we found the endangered Black-fronted Piping-Guan (with two chicks!) and a myriad of species from all families: Great-dusky Swift, Black-throated and Surucua Trogons, Blond-crested Woodpecker, Black-capped Foliage-Gleaner, Black-billed Scythebill, Red-ruffed Fruitcrow and Creamy-bellied Gnatcatcher, etc. Some stands of bamboo were flowering this season and we found numerous Temminck's Seedeater feasting on the seeds. Finally, a customary visit to the hummingbird feeders treated us with face to face views of seven species, including Black Jacobin, Blue-tufted Starthroat and Planalto Hermit.

Once again, the fields, marshes and forests delighted us with their extraordinary variety and abundance of birds. The total list for the trip and the quality of our observations filled our expectations widely and the views of the vast, wild landscapes of Argentine Mesopotamia will surely linger long in our memories.

#### REFERENCES USED ON THE LIST

X = A species seen on several localities.

I = INTRODUCED

E = ENDEMIC SPECIES

EB = ENDEMIC BREEDER

NE = NEAR ENDEMIC (90% or more of their distribution is in one country)

Global threat categories by BirdLife international:

CR = CRITICAL

E = ENDANGERED

VU = VULNERABLE

NT = NEAR THREATENED

Trip Report - NE Argentina 2008

NUM	REF	ENGLISH NAME	LATIN NAME	OBS
<b>Family Rheidae (Rheas)</b>				
1	NT	Greater Rhea	<i>Rhea americana</i>	Common mainly along roads of Entre Rios and Corrientes
<b>Family Tinamidae (Tinamous)</b>				
2	NT	Solitary Tinamou	<i>Tinamus solitarius</i>	Heard only at Iguazu NP
3		Brown Tinamou	<i>Crypturellus obsoletus</i>	One heard at Salto Encantado PP and one flushed near San Pedro
4		Tataupa Tinamou	<i>Crypturellus tataupa</i>	One observed fantastically at Salto Encantado PP
5		Red-winged Tinamou	<i>Rhynchotus rufescens</i>	Several individuals along grasslands areas of Corrientes and Entre Rios
6		Spotted Nothura	<i>Nothura maculosa</i>	The commonest Tinamou of the trip. Always in grasslands.
<b>Family Anhimidae (Screamers)</b>				
7		Southern Screamer	<i>Chauna torquata</i>	An everyday bird at Entre Rios and Corrientes's wetlands.
<b>Family Anatidae (Ducks, Geese, Swans)</b>				
8		White-faced Whistling-Duck	<i>Dendrocygna viduata</i>	The commonest Duck. We saw pairs in almost all ponds and lakes of Entre Rios and in corrientes's rice fields.
9		Black-bellied Whistling-Duck	<i>Dendrocygna autumnalis</i>	Only few groups at Ibera Marshes
10		Fulvous Whistling-Duck	<i>Dendrocygna bicolor</i>	Less common than White-faced but almost in the same spots
11		Muscovy Duck	<i>Cairina moschata</i>	Several pairs at Ibera Marshes and a pair at Iguazu Falls
12		Brazilian Teal	<i>Amazonetta brasiliensis</i>	The second commonest duck
13		Speckled Teal	<i>Anas flavirostris</i>	Common on ponds and lakes of Entre Rios province
14		Yellow-billed Pintail	<i>Anas spinicauda</i>	Only few individuals at Otamendi NR
15		Rosy-billed Pochard	<i>Netta peposaca</i>	Seen on ponds and lakes of Entre Rios province
16		Masked Duck	<i>Nomonyx dominicus</i>	Only one male in full nuptial plumage seen at a small pond north of Santo Tome
17	I	Greylag Goose	<i>Anser anser</i>	Common around houses!
<b>Family Cracidae (Chachalacas, Guans, Curassows)</b>				
18		Rusty-margined Guan	<i>Penelope superciliaris</i>	Only three individuals seen in different areas of the Iguazu NP
19		Dusky-legged Guan	<i>Penelope obscura</i>	Only heard at Otamendi NR. Also, one was heard and seen briefly in Entre Rios.
20	EN	Black-fronted Piping-Guan	<i>Pipile jacutinga</i>	One female with two chicks at the main walkways of Iguazu Falls!!!
<b>Family Odontophoridae (Quails)</b>				
21		Spot-winged Wood-Quail	<i>Odontophorus capueira</i>	An excellent view of a group of this secretive forest Quail at Salto Encantado PP
<b>Family Podicipedidae (Grebes)</b>				
22		White-tufted Grebe	<i>Rollandia rolland</i>	One at the very first day in Palermo City Park's lake, inside Buenos Aires City
23		Pied-billed Grebe	<i>Podilymbus podiceps</i>	Two at Palermo City Park and another in a small pond in Entre Rios province.
24		Great Grebe	<i>Podiceps major</i>	One pair at Palermo City Park
<b>Family Phalacrocoracidae (Cormorants, Cormorants)</b>				
25		Neotropic Cormorant	<i>Phalacrocorax brasilianus</i>	Common.
<b>Family Anhingidae (Anhingas)</b>				

Trip Report - NE Argentina 2008

26		Anhinga	<i>Anhinga anhinga</i>	Common in the Ibera Marshes and also several at Iguazu Falls.
<b>Family Ardeidae (Hérons, Egrets, Bitterns)</b>				
27		Rufescent Tiger-Heron	<i>Tigrisoma lineatum</i>	Some individuals at Ibera Marshes
28		Least Bittern	<i>Ixobrychus exilis</i>	Two heard at Camba Trapo, Ibera Marshes.
29		Black-crowned Night-Heron	<i>Nycticorax nycticorax</i>	Common.
30		Striated Heron	<i>Butorides striata</i>	Common.
31		Cattle Egret	<i>Bubulcus ibis</i>	Abundant in grazing fields
32		Cocoi Heron	<i>Ardea cocoi</i>	Common
33		Great Egret	<i>Ardea alba</i>	Common
34		Whistling Heron	<i>Syrigma sibilatrix</i>	quite common at short grassland fields
35		Snowy Egret	<i>Egretta thula</i>	Abundant.
<b>Family Threskiornithidae (Ibises, Spoonbills)</b>				
36		White-faced Ibis	<i>Plegadis chihi</i>	Quite common.
37		Green Ibis	<i>Mesembrinibis cayennensis</i>	One at Iguazu NP
38		Bare-faced Ibis	<i>Phimosus infuscatus</i>	not uncommon at Ibera Marshes
39		Plumbeous Ibis	<i>Theristicus caerulescens</i>	Few individuals at Ibera Marshes.
40		Buff-necked Ibis	<i>Theristicus caudatus</i>	Only one pair on the road between Ibera Marshes and Mercedes.
41		Roseate Spoonbill	<i>Platalea ajaja</i>	Fairly common in wetlands and lagoons.
<b>Family Ciconiidae (Storks)</b>				
42		Maguari Stork	<i>Ciconia maguari</i>	Fairly common at Ibera Marshes
43		Jabiru	<i>Jabiru mycteria</i>	Only one pair at Ibera Marshes
44		Wood Stork	<i>Mycteria americana</i>	Few at Ibera Marshes
<b>Family Cathartidae (Vultures)</b>				
45		Turkey Vulture	<i>Cathartes aura</i>	Fairly common at woody areas
46		Lesser Yellow-headed Vulture	<i>Cathartes burrovianus</i>	The commonest vulture at Ibera area
47		Black Vulture	<i>Coragyps atratus</i>	The commonest Vulture of the trip
<b>Family Accipitridae (Hawks, Kites, Eagles)</b>				
48		Swallow-tailed Kite	<i>Elanoides forficatus</i>	Fairly common at Iguazu NP
49		White-tailed Kite	<i>Elanus leucurus</i>	Only a pair in the road Between El Palmar NP and Mercedes.
50		Snail Kite	<i>Rostrhamus sociabilis</i>	Very common at Ibera Marshes but also common in Entre Rios province.
51		Rufous-thighed Kite	<i>Harpagus diodon</i>	One pair at Salto Encantado PP and a second pair near San Pedro
52		Plumbeous Kite	<i>Ictinia plumbea</i>	Common in Forest of Misiones province.
53		Long-winged Harrier	<i>Circus buffoni</i>	The commonest hawk of the open grasslands of Entre Rios and Corrientes
54		Cinereous Harrier	<i>Circus cinereus</i>	Two individuals in grasslands of Corrientes. One was hunting a blackbird!
55		Sharp-shinned Hawk	<i>Accipiter striatus</i>	Few individuals at woodlands of Ceibas and Gualeguaychu
56		Bicolored Hawk	<i>Accipiter bicolor</i>	A pair seen at the woodlands of Gualeguaychu and a another pair at El Palmar NP.
57		Crane Hawk	<i>Geranospiza caerulescens</i>	Only one individual at Ñandubaisal, Gualeguaychu.
58		Great Black-Hawk	<i>Buteogallus urubitinga</i>	One at Ibera Marshes
59		Savanna Hawk	<i>Buteogallus meridionalis</i>	Fairly common at grasslands of Entre Rios and Corrientes
60	EN	Crowned Eagle	<i>Harpyhaliaetus coronatus</i>	Two different individuals!!! Both on Ibera area.
61		Black-collared Hawk	<i>Busarellus nigricollis</i>	Two days the same couple at Ibera Marshes

Trip Report - NE Argentina 2008

62	Harri's Hawk	<i>Parabuteo unicinctus</i>	Not uncommon.
63	Roadside Hawk	<i>Buteo magnirostris</i>	Very common.
64	Ornate Hawk-Eagle	<i>Spizaetus ornatus</i>	Heard near San Pedro
<b>Family Falconidae (Caracaras, Falcons)</b>			
65	Barred Forest-Falcon	<i>Micrastur ruficollis</i>	Heard at Salto Encantado PP
66	Southern Caracara	<i>Caracara plancus</i>	Abundant
67	Yellow-headed Caracara	<i>Milvago chimachima</i>	Fairly common at Ibera and southern Misiones
68	Chimango Caracara	<i>Milvago chimango</i>	Common
69	American Kestrel	<i>Falco sparverius</i>	Common
70	Aplomado Falcon	<i>Falco femoralis</i>	Several seen at grasslands of Entre Rios and Corrientes
<b>Family Aramididae (Limpkin)</b>			
71	Limpkin	<i>Aramus guarauna</i>	Common
<b>Family Rallidae (Crakes, Rails, Coots)</b>			
72	Grey-necked Wood-Rail	<i>Aramides cajanea</i>	One at Otamendi NR
73	Giant Wood-Rail	<i>Aramides ypecaha</i>	Common
74	Slaty-breasted Wood-Rail	<i>Aramides saracura</i>	One at La Araucaria PP
75	Rufous-sided Crake	<i>Laterallus melanophaius</i>	Heard several times but only seen at Ibera Marshes and in the marshlands of Posadas
76	Red-and-White Crake	<i>Laterallus leucopyrrhus</i>	Heard at Otamendi NR
77	Ash-throated Crake	<i>Porzana albicollis</i>	A pair seen at Camba Trapo, Ibera Marshes
78	Yellow-breasted Crake	<i>Porzana flaviventer</i>	A pair seen fantastically during the boat trip at Ibera Lagoon
79	Spotted Rail	<i>Pardirallus maculatus</i>	A pair seen at Posadas Marshlands
80	Blackish Rail	<i>Pardirallus nigricans</i>	One seen at Araucaria PP
81	Plumbeous Rail	<i>Pardirallus sanguinolentus</i>	Common but more often heard than seen
82	Common Moorhen	<i>Gallinula chloropus</i>	The commonest rail
83	Spot-flanked Gallinule	<i>Gallinula melanops</i>	Only one pair at Corrientes
84	Purple Gallinule	<i>Porphyrio martinica</i>	One during the boat trip at the Ibera Lagoon
85	White-winged Coot	<i>Fulica leucoptera</i>	Several at the lake of the Palermo City Park
86	Red-gartered Coot	<i>Fulica armillata</i>	Several at the lake of the Palermo City Park
<b>Family Charadriidae (Plovers, Lapwings)</b>			
87	Southern Lapwing	<i>Vanellus chilensis</i>	Abundant
<b>Family Recurvirostridae (Stilts, Avocets)</b>			
88	Black-necked Stilt	<i>Himantopus mexicanus</i>	Fairly Common
<b>Family Scolopacidae (Snipe, Sandpipers)</b>			
89	South American Snipe	<i>Gallinago paraguayae</i>	Common
90	Upland Sandpiper	<i>Bartramia longicauda</i>	A pair at Entre Rios' grasslands, and a third perching on a tree in a forest area of Misiones (!?)
91	Greater Yellowlegs	<i>Tringa melanoleuca</i>	One at Perdices
92	Lesser Yellowlegs	<i>Tringa flavipes</i>	Some individuals in Entre Rios an Corrientes
93	Solitary Sandpiper	<i>Tringa solitaria</i>	Two at Ibera Marshes
94	Pectoral Sandpiper	<i>Calidris melanotos</i>	Several at Otamendi, Ceibas and Perdices
<b>Family Jacanidae (Jacanas)</b>			
95	Wattled Jacana	<i>Jacana jacana</i>	Common
<b>Family Laridae (Skuas, Gulls, Terns, Skimmer)</b>			
96	Grey-hooded Gull	<i>Chroicocephalus cirrhocephalus</i>	Some at Ceibas
97	Brown-hooded Gull	<i>Chroicocephalus maculipennis</i>	Some at Ceibas
98	Yellow-billed Tern	<i>Sternula superciliaris</i>	A pair at the Miriñay River, Corrientes
99	Large-billed Tern	<i>Phaetusa simplex</i>	Few at Ibera Marshes
<b>Family Columbidae (Pigeons, Doves)</b>			
100	Ruddy Ground-Dove	<i>Columbina talpacoti</i>	not uncommon

Trip Report - NE Argentina 2008

101		Picui Ground-Dove	<i>Columbina picui</i>	Common
102	I	Rock Pigeon	<i>Columba livia</i>	Abundant
103		Picazuro Pigeon	<i>Patagioenas picazuro</i>	Abundant
104		Spot-winged Pigeon	<i>Patagioenas maculosa</i>	Common
105		Pale-vented Pigeon	<i>Patagioenas cayennensis</i>	Fairly common in forest
106		Eared Dove	<i>Zenaida auriculata</i>	Abundant
107		White-tipped Dove	<i>Leptotila verreauxi</i>	Common
108		Grey-fronted Dove	<i>Leptotila rufaxilla</i>	not uncommon in dense forest
<b>Family Psittacidae (Parrots)</b>				
109		Blue-crowned Parakeet	<i>Aratinga acuticaudata</i>	Few at Ibera Marshes
110		White-eyed Parakeet	<i>Aratinga leucophthalma</i>	Common
111		Nanday Parakeet	<i>Nandayus nenday</i>	Several at Buenos Aires city
112		Maroon-bellied Parakeet	<i>Pyrrhura frontalis</i>	Only few groups at Misiones Province
113		Monk Parakeet	<i>Myiopsitta monachus</i>	Common
114		Blue-winged Parrotlet	<i>Forpus xanthopterygius</i>	Not rare at Iguazu NP
115		Yellow-chevroned Parakeet	<i>Brotogeris chiriri</i>	Several in the city of Puerto Iguazu
116		Red-capped Parrot	<i>Pionopsitta pileata</i>	We saw several Pairs at Salto Encantado and near San Pedro.
117		Scaly-headed Parrot	<i>Pionus maximiliani</i>	not rare in Misiones province
118		Blue-fronted Parrot	<i>Amazona aestiva</i>	Several individuals at Puerto Iguazu
119	VU	Vinaceous Parrot	<i>Amazona vinacea</i>	A pair in La Araucaria PP and another pair heard at near San Pedro
<b>Family Cuculidae (Cuckoos, Anis)</b>				
120		Squirrel Cuckoo	<i>Piaya cayana</i>	Common
121		Dark-billed Cuckoo	<i>Coccyzus melacoryphus</i>	Only one at Iguazu NP
122		Greater Ani	<i>Crotophaga major</i>	A group at the Iguazu Falls
123		Smooth-billed Ani	<i>Crotophaga ani</i>	Quite common
124		Guira Cuckoo	<i>Guira guira</i>	Common
125		Striped Cuckoo	<i>Tapera naevia</i>	Only one seen but several heard at Ibera Marshes
<b>Family Tytonidae (Barn Owls)</b>				
126		Barn Owl	<i>Tyto alba</i>	Heard at Ibera Marshes
<b>Family Strigidae (Owls)</b>				
127		Tropical Screech-Owl	<i>Megascops choliba</i>	Heard at Perdices and Ibera, and one seen at Iguazu NP
128		Great Horned Owl	<i>Bubo virginianus</i>	One female with two chicks were found at a Eucalyptus woodland in Ceibas
129		Ferruginous Pygmy-Owl	<i>Glaucidium brasilianum</i>	Heard at Iguazu NP
130		Burrowing Owl	<i>Athene cunicularia</i>	Several individuals
131		Stygian Owl	<i>Asio stygius</i>	A pair seen at La Araucaria PP
<b>Family Nyctibiidae (Potoos)</b>				
132		Common Potoo	<i>Nyctibius griseus</i>	One at La Araucaria PP and a second at Iguazu NP
<b>Family Caprimulgidae (Nighthawks, Nightjars)</b>				
133		Short-tailed Nighthawk	<i>Lurocalis semitorquatus</i>	A Pair at La Araucaria PP and another pair at Iguazu NP
134		Nacunda Nighthawk	<i>Podager nacunda</i>	Several individuals at Gualeguaychu's grasslands
135		Common Pauraque	<i>Nyctidromus albicollis</i>	Seen at Puerto Iguazu
136		Little Nightjar	<i>Caprimulgus parvulus</i>	One seen at Ñandubaisal, Gualeguaychu
137		Scissor-tailed Nightjar	<i>Hydropsalis torquata</i>	At least two individuals at Gualeguaychu
<b>Family Apodidae (Swifts)</b>				
138		Great Dusky Swift	<i>Cypseloides senex</i>	Groups at Salto Encantado PP and Iguazu NP
139		White-collared Swift	<i>Streptoprocne zonaris</i>	Few small groups at Salto Encantado PP
140		Grey-rumped Swift	<i>Chaetura cinereiventris</i>	Several individuals at Salto Encantado PP

141		Sick's Swift	<i>Chaetura meridionalis</i>	Some groups at Salto Encantado PP
<b>Family Trochilidae (Hummingbirds)</b>				
142		Black Jacobin	<i>Florisuga fusca</i>	Several at the Hummingbird Feeders of Puerto Iguazu
143		Scale-throated Hermit	<i>Phaethornis eurynome</i>	Some individuals at Iguazu NP
144		Planalto Hermit	<i>Phaethornis pretrei</i>	One individual at the Hummingbird feeders of Puerto Iguazu
145		Black-throated Mango	<i>Anthracothorax nigricollis</i>	Several at the Hummingbird Feeders of Puerto Iguazu
146		Blue-tufted Starthroat	<i>Helimaster furcifer</i>	Several individuals at the Hummingbird feeders of Ibera
147		Glittering-bellied Emerald	<i>Chlorostilbon aureoventris</i>	Common
148		Plovercrest	<i>Stephanoxis lalandi</i>	Not uncommon in certain places of Misiones
149		Violet-capped Woodnymph	<i>Thalurania glaucopis</i>	Several at the Hummingbird Feeders of Puerto Iguazu
150		White-throated Hummingbird	<i>Leucochloris albicollis</i>	Seen at El Palmar NP
151		Versicolored Emerald	<i>Amazilia versicolor</i>	Several at the Hummingbird Feeders of Puerto Iguazu
152		Gilded Sapphire	<i>Hylocharis chrysur</i>	Common
<b>Family Trogonidae (Trogons)</b>				
153		Black-throated Trogon	<i>Trogon rufus</i>	A pair at Salto Encantado PP
154		Surucua Trogon	<i>Trogon surrucura</i>	Common
<b>Family Alcedinidae (Kingfishers)</b>				
155		Ringed Kingfisher	<i>Megaceryle torquata</i>	Common
156		Amazon Kingfisher	<i>Chloroceryle amazona</i>	Not uncommon
157		Green Kingfisher	<i>Chloroceryle americana</i>	Fairly common
<b>Family Momotidae (Motmots)</b>				
158		Rufous-capped Motmot	<i>Baryphthengus ruficapillus</i>	Only one seen at Iguazu NP
<b>Family Bucconidae (Puffbirds, Nunlets)</b>				
159		White-eared Puffbird	<i>Nystalus chacuru</i>	Only one seen near San Pedro
160		Rusty-breasted Nunlet	<i>Nonnula rubecula</i>	Heard at Iguazu NP
<b>Family Ramphastidae (Toucans)</b>				
161		Red-breasted Toucan	<i>Ramphastos dicolorus</i>	a group seen at La Araucaria PP and several heard near San Pedro.
162		Toco Toucan	<i>Ramphastos toco</i>	Common at Iguazu
163		Spot-billed Toucanet	<i>Selenidera maculirostris</i>	Heard at Iguazu NP
164		Chestnut-eared Aracari	<i>Pteroglossus castanotis</i>	Common
<b>Family Picidae (Woodpeckers)</b>				
165		White-barred Piculet	<i>Picumnus cirratus</i>	One pair at Ibera Marshes
166		Ochre-collared Piculet	<i>Picumnus temminckii</i>	A pair at Iguazu NP
167		White Woodpecker	<i>Melanerpes candidus</i>	Several pairs and groups on palm savannas of Corrientes and Entre Rios
168		Yellow-fronted Woodpecker	<i>Melanerpes flavifrons</i>	Pretty common at Iguazu NP, and also some around the Hotel's garden
169		White-fronted Woodpecker	<i>Melanerpes cactorum</i>	Only a pair at Ceibas's thorny woodlands
170		Checkered Woodpecker	<i>Veniliornis mixtus</i>	Few individuals heard and seen at Otamendi and Ceibas
171		White-spotted Woodpecker	<i>Veniliornis spilogaster</i>	Few heard but only one well seen at Iguazu NP
172		Green-barred Woodpecker	<i>Colaptes melanochloros</i>	Common
173		Campo Flicker	<i>Colaptes campestris</i>	Common
174		Blond-crested Woodpecker	<i>Celeus flavescens</i>	One perfectly seen at Macuco Trail, Iguazu NP
175	VU	Helmeted Woodpecker	<i>Dryocopus galeatus</i>	One heard only at Salto Encantado PP
176		Lineated Woodpecker	<i>Dryocopus lineatus</i>	Several seen at forest of Misiones province

177		Robust Woodpecker	<i>Campephilus robustus</i>	One seen at Macuco trail, Iguazu NP
<b>Family Furnariidae (Ovenbirds)</b>				
178		Rufous Hornero	<i>Furnarius rufus</i>	Abundant
179		Curve-billed Reedhaunter	<i>Limnornis curvirostris</i>	A pair at Otamendi
180	NT	Straight-billed Reedhaunter	<i>Limnornis rectirostris</i>	One individual perfectly seen at Otamendi NR
181		Wren-like Rushbird	<i>Phleocryptes melanops</i>	A pair seen at Otamendi NR
182		Tufted Tit-Spinetail	<i>Leptasthenura platensis</i>	One individual at Ceibas
183	NT	Araucaria Tit-Spinetail	<i>Leptasthenura setaria</i>	Several individuals at La Araucaria PP
184		Chotoy Spinetail	<i>Schoeniophylax phryganophilus</i>	not uncommon
185		Spix's Spinetail	<i>Synallaxis spixi</i>	Only seen at Otamendi NR, but a great view.
186		Rufous-capped Spinetail	<i>Synallaxis ruficapilla</i>	One seen at Iguazu NP
187		Sooty-fronted Spinetail	<i>Synallaxis frontalis</i>	Several in Entre Rios's bushland habitats.
188		Pale-breasted Spinetail	<i>Synallaxis albescens</i>	Only one seen at Gualeguaychu
189		Grey-bellied Spinetail	<i>Synallaxis cinerascens</i>	A pair at Salto Encantado PP
190		Olive Spinetail	<i>Cranioleuca obsoleta</i>	A pair at Road 101, Iguazu NP
191		Stripe-crowned Spinetail	<i>Cranioleuca pyrrhophia</i>	Several at Otamendi and Ceibas.
192		Sulphur-thoated Spinetail	<i>Cranioleuca sulphurifera</i>	Only one good view at the marshlands of Otamendi.
193		Yellow-chinned Spinetail	<i>Certhiaxis cinnamomeus</i>	Common
194		Short-billed Canastero	<i>Asthenes baeri</i>	Common at the thorny woodlands of Entre Rios
195		Greater Thornbird	<i>Phacellodomus ruber</i>	Common at Ibera area
196		Freckle-breasted Thornbird	<i>Phacellodomus striatocollis</i>	Common
197		Little Thornbird	<i>Phacellodomus sibilatrix</i>	Quite common in thorny woodlands of Entre Rios province
198	NT	Canebrake Groundcreeper	<i>Clibanornis dendrocolaptoides</i>	One perfectly seen after a long work in La Araucaria PP
199		Firewood-gatherer	<i>Anumbius annumbi</i>	Common in open savannas
200		Lark-like Brushrunner	<i>Coryphistera alaudina</i>	Only a family group at Ceibas
201		Buff-browed Foliage-gleaner	<i>Syndactyla rufosuperciliata</i>	Several heard and seen in different kinds of woodlands all along the trip.
202		Black-capped Foliage-gleaner	<i>Philydor atricapillus</i>	One at Iguazu NP
203		Ochre-breasted Foliage-gleaner	<i>Philydor lichtensteini</i>	Several in forest of Misiones
204		Buff-fronted Foliage-gleaner	<i>Philydor rufum</i>	One pair at Iguazu NP
205		White-eyed Foliage-gleaner	<i>Automolus leucophthalmus</i>	Several at Iguazu NP
206		Plain Xenops	<i>Xenops minutus</i>	One seen at Iguazu NP
207		Streaked Xenops	<i>Xenops rutilans</i>	Two different individuals in San Pedro and Iguazu NP
208		Plain-winged Woodcreeper	<i>Dendrocincla turdina</i>	One at Iguazu NP
209		Olivaceous Woodcreeper	<i>Sittasomus griseicapillus</i>	Seen several times in the forest of Misiones
210		Scimitar-billed Woodcreeper	<i>Drymornis bridgesii</i>	Seen in open savannas in Entre Rios and Corrientes province
211		Planalto Woodcreeper	<i>Dendrocolaptes platyrostris</i>	One at Salto Encantado PP
212		Lesser Woodcreeper	<i>Xiphorhynchus fuscus</i>	One at Salto Encantado PP
213		Narrow-billed Woodcreeper	<i>Lepidocolaptes angustirostris</i>	Quite common
214		Black-billed Scythebill	<i>Campylorhamphus falcularius</i>	One at Iguazu NP
<b>Family Thamnophilidae (Typical Antbirds)</b>				
215		Spot-backed Antshrike	<i>Hypoedaleus guttatus</i>	Seen at Salto Encantado PP and heard several other times
216		Giant Antshrike	<i>Batara cinerea</i>	One Heard at Iguazu NP
217		Tufted Antshrike	<i>Mackenziaena severa</i>	One seen at Iguazu NP
218	VU	White-bearded Antshrike	<i>Biatas nigropectus</i>	One male perfectly seen near San Pedro!
219		Variable Antshrike	<i>Thamnophilus caerulescens</i>	Seen and heard several times
220		Rufous-capped Antshrike	<i>Thamnophilus ruficapillus</i>	Only seen at Otamendi NR, but a great view.
221		Plain Antwren	<i>Dysithamnus mentalis</i>	Common

Trip Report - NE Argentina 2008

222		Rufous-winged Antwren	<i>Herpsilochmus rufimarginatus</i>	Common
223		Dusky-tailed Antbird	<i>Drymophila malura</i>	One near San Pedro.
224		Streak-capped Antwren	<i>Terenura maculata</i>	One pair at Road 101, Iguazu NP
225		White-shouldered Fire-eye	<i>Pyriglena leucoptera</i>	common
<b>Family Formicariidae (Ground Antbirds)</b>				
226		Short-tailed Antthrush	<i>Chamaeza campanisona</i>	One excellent view at Salto Encantado PP
<b>Family Grallaridae (Antpittas)</b>				
227		Variegated Antpitta	<i>Grallaria varia</i>	Heard only at Salto Encantado PP
<b>Family Conopophagidae (Gnateaters)</b>				
228		Rufous Gnateater	<i>Conopophaga lineata</i>	Seen at Salto Encantado and near San Pedro.
<b>Family Rhinocryptidae (Tapaculos)</b>				
229		Planalto Tapaculo	<i>Scytalopus pachecoi</i>	Heard at La Araucaria PP
<b>Family Tyrannidae (Tyrant-Flycatchers)</b>				
230		Planalto Tyrannulet	<i>Phyllomyias fasciatus</i>	Seen near San Pedro
231		Rough-legged Tyrannulet	<i>Phyllomyias burmeisteri</i>	One at Salto Encantado PP
232		Greenish Tyrannulet	<i>Phyllomyias virescens</i>	One at Road 101, Iguazu NP
233		Greenish Elaenia	<i>Myiopagis viridicata</i>	Common
234		Grey Elaenia	<i>Myiopagis caniceps</i>	Commonly heard and a few seen
235		Yellow-bellied Elaenia	<i>Elaenia flavogaster</i>	Common
236		Large Elaenia	<i>Elaenia spectabilis</i>	One pair at Ibera Marshes
237		Small-billed Elaenia	<i>Elaenia parvirostris</i>	Common
238		Southern Beardless-Tyrannulet	<i>Camptostoma obsoletum</i>	Common
239		Suiriri Flycatcher	<i>Suiriri suiriri</i>	One pair at Ceibas
240		Sooty Tyrannulet	<i>Serpophaga nigricans</i>	Common
241		White-crested Tyrannulet	<i>Serpophaga subcristata</i>	Fairly common
242		Yellow Tyrannulet	<i>Capsiempis flaveola</i>	common
243	NT	Bearded Tachuri	<i>Polystictus pectoralis</i>	Only one male displaying at Perdices
244		Crested Doradito	<i>Pseudocolopteryx sclateri</i>	After several heard and a considerable effort we saw it in the Posadas' wetlands!
245		Warbling Doradito	<i>Pseudocolopteryx flaviventris</i>	A pair at Ceibas
246		Southern Antpipit	<i>Corythopis delalandi</i>	Seen at Macuco trail and at the road 101, Iguazu NP
247		Tawny-crowned Pygmy-Tyrant	<i>Euscarthmus meloryphus</i>	One at Gualeguaychu
248	NT	Southern Bristle-Tyrant	<i>Phylloscartes eximius</i>	One at Road 101, Iguazu NP
249		Mottled-cheeked Tyrannulet	<i>Phylloscartes ventralis</i>	Several in several patches of riverine woodlands of Entre Rios province
250		Grey-hooded Flycatcher	<i>Mionectes rufiventris</i>	Heard at Salto Encantado PP and seen pretty well at Iguazu NP
251		Sepia-capped Flycatcher	<i>Leptopogon amaurocephalus</i>	Common
252		Many-colored Rush-Tyrant	<i>Tachuris rubrigastra</i>	Few at Ceibas
253		Sharp-tailed Tyrant	<i>Culicivora caudacuta</i>	A pair north of Posadas city
254		Eared Pygmy-Tyrant	<i>Myiornis auricularis</i>	A pair at Salto Encantado PP
255		Drab-breasted Pygmy-Tyrant	<i>Hemitriccus diops</i>	One at Salto Encantado PP
256		Pearly-vented Tody-Tyrant	<i>Hemitriccus margaritaceiventer</i>	Several at Ibera Marshes
257		Yellow-Olive Flycatcher	<i>Tolmomyias sulphurescens</i>	Many heard and only one well seen
258		White-throated Spadebill	<i>Platyrinchus mystaceus</i>	One at the Macuco trail
259		Bran-colored Flycatcher	<i>Myiophobus fasciatus</i>	Common
260		Euler's Flycatcher	<i>Lathrotriccus euleri</i>	One at Ibera
261		Fuscous Flycatcher	<i>Cnemotriccus fuscatus</i>	One at Iguazu NP
262		Vermilion Flycatcher	<i>Pyrocephalus rubinus</i>	Common
263		Spectacled Tyrant	<i>Hymenops perspicillatus</i>	Common
264		Yellow-browed Tyrant	<i>Satrapa icterophrys</i>	Common
265		Gray Monjita	<i>Xolmis cinereus</i>	Fairly common
266		White Monjita	<i>Xolmis irupero</i>	Common
267	VU	Black and White Monjita	<i>Xolmis dominicanus</i>	A pair at Perdices, Gualeguaychu area
268		Streamer-tailed Tyrant	<i>Gubernetes yetapa</i>	Several individuals at Ibera and Posadas's marshlands

Trip Report - NE Argentina 2008

269		White-headed Marsh-Tyrant	<i>Arundinicola leucocephala</i>	A pair at Ibera Lagoon
270	VU	Strange-tailed Tyrant	<i>Alectrurus risora</i>	Several individuals at the Grasslands around Ibera marshes
271		Long-tailed Tyrant	<i>Colonia colonus</i>	Common
272		Cattle Tyrant	<i>Machetornis rixosa</i>	Very Common
273		Piratic Flycatcher	<i>Legatus leucophaeus</i>	Fairly common
274		Social Flycatcher	<i>Myiozetetes similis</i>	Common
275		Great Kiskadee	<i>Pitangus sulphuratus</i>	Abundant
276		Streaked Flycatcher	<i>Myiodynastes maculatus</i>	Some heard and several seen at forest of Corrientes and Misiones
277		Boat-billed Flycatcher	<i>Megarynchus pitangua</i>	not uncommon at Iguazu
278		Variiegated Flycatcher	<i>Empidonomus varius</i>	Common
279		Crowned Slaty-Flycatcher	<i>Empidonomus aurantioatrocristatus</i>	Common at Ibera area
280		Fork-tailed Flycatcher	<i>Tyrannus savana</i>	Abundant
281		Tropical Kingbird	<i>Tyrannus melancholicus</i>	Abundant
282		Siryestes	<i>Siryestes sibilator</i>	Quite common
283		Brown-crested Flycatcher	<i>Myiarchus tyrannulus</i>	One near San Pedro.
284		Swainson's Flycatcher	<i>Myiarchus swainsoni</i>	Several observation along the trip
285		Large-headed Flatbill	<i>Ramphotrigon megacephalum</i>	One pair at a Bamboo spot near San Pedro.
<b>Family Cotingidae (Plantcutters, Cotingas)</b>				
286		White-tipped Plantcutter	<i>Phytotoma rutila</i>	One at Ibera's thorny woodlands
287		Red-ruffed Fruitcrow	<i>Pyroderus scutatus</i>	Couple of sights of this gigantic passerine!
<b>Family Pipridae (Manakins)</b>				
288		White-bearded Manakin	<i>Manacus manacus</i>	Several males at a lek in the Macuco trail
289		Swallow-tailed Manakin	<i>Chiroxiphia caudata</i>	Common
290		Band-tailed Manakin	<i>Pipra fasciicauda</i>	Couple of sights at Iguazu NP, but only young males... sadly.
<b>Family Tityridae (Becards, Tityras, Schiffornis)</b>				
291		Black-tailed Tityra	<i>Tityra cayana</i>	common
292		Black-crowned Tityra	<i>Tityra inquisitor</i>	Common
293		Greenish Schiffornis	<i>Schiffornis virescens</i>	The "rocket bird" was briefly seen at Salto Encantado!
294		White-naped Xenopsaris	<i>Xenopsaris albinucha</i>	A pair at Ceibas
295		Green-backed Becard	<i>Pachyramphus viridis</i>	One at Gualaguaychu
296		Chestnut-crowned Becard	<i>Pachyramphus castaneus</i>	heard and seen briefly in Iguazú
297		White-winged Becard	<i>Pachyramphus polychopterus</i>	Common
<b>Incertae sedis (Piprites)</b>				
298		Wing-barred Piprites	<i>Piprites chloris</i>	One at Salto Encantado PP
<b>Family Vireonidae (Vireos, Greenlets)</b>				
299		Rufous-browed Peppershrike	<i>Cyclarhis gujanensis</i>	Common
300		Red-eyed Vireo	<i>Vireo olivaceus</i>	Common
301		Rufous-crowned Greenlet	<i>Hylophilus poicilotis</i>	One at Iguazu NP
<b>Family Corvidae (Jays)</b>				
302		Plush-crested Jay	<i>Cyanocorax chrysops</i>	Common
<b>Family Hirundinidae (Swallows)</b>				
303		Blue-and-white Swallow	<i>Pygochelidon cyanoleuca</i>	Common
304		Tawny-headed Swallow	<i>Alopochelidon fucata</i>	Few at Gualaguaychu area
305		Southern Rough-winged Swallow	<i>Stelgidopteryx ruficollis</i>	Common at Iguazu, NP
306		Grey-breasted Martin	<i>Progne chalybea</i>	Common
307		Brown-chested Martin	<i>Progne tapera</i>	Common
308		White-winged Swallow	<i>Tachycineta albiventer</i>	Common at Iguazu, NP
309		White-rumped Swallow	<i>Tachycineta leucorhoa</i>	Abundant
310		Chilean Swallow	<i>Tachycineta meyeni</i>	One individual in a flock of the previous at Ibera Lagoon
311		Bank Swallow	<i>Riparia riparia</i>	Several at Ibera Marshes
312		Barn Swallow	<i>Hirundo rustica</i>	Common
313		Cliff Swallow	<i>Petrochelidon pyrrhonota</i>	Common at Ibera area
<b>Family Troglodytidae (Wrens)</b>				
314		House Wren	<i>Troglodytes aedon</i>	Abundant
315		Thrush-like Wren	<i>Campylorhynchus turdinus</i>	Heard at Puerto Iguazu city

<b>Family Polioptilidae (Gnatcatchers)</b>				
316	NT	Creamy-bellied Gnatcatcher	<i>Polioptila lactea</i>	seen at Iguazu NP
317		Masked Gnatcatcher	<i>Polioptila dumicola</i>	Common
<b>Incertae sedis (Donacobius)</b>				
318		Black-capped Donacobius	<i>Donacobius atricapilla</i>	Few at Ibera Marshes
<b>Family Turdidae (Thrushes)</b>				
319		Rufous-bellied Thrush	<i>Turdus rufiventris</i>	Abundant
320		Pale-breasted Thrush	<i>Turdus leucomelas</i>	Common
321		Creamy-bellied Thrush	<i>Turdus amaurochalinus</i>	Common
322		White-necked Thrush	<i>Turdus albicollis</i>	Fairly common
<b>Family Mimidae (Mockingbirds)</b>				
323		Chalk-browed Mockingbird	<i>Mimus saturninus</i>	Abundant
324	EB	White-banded Mockingbird	<i>Mimus triurus</i>	One at Ibera area
<b>Family Sturnidae (Starlings, Mynas)</b>				
325	I	European Starling	<i>Sturnus vulgaris</i>	Common only in Buenos Aires area
<b>Family Motacillidae (Pipits)</b>				
326		Yellowish Pipit	<i>Anthus lutescens</i>	One at Ceibas
327		Short-billed Pipit	<i>Anthus furcatus</i>	Heard at Perdices.
328	EB	Chaco Pipit	<i>Anthus chacoensis</i>	First record for Entre Rios province!! At least three males heard and one seen in a wheat field.
329		Correndera Pipit	<i>Anthus correndera</i>	Common
330		Hellmayr's Pipit	<i>Anthus hellmayri</i>	Several at Ibera Marshes
<b>Family Thraupidae (Tanagers)</b>				
331		Yellow-billed Cardinal	<i>Paroaria capitata</i>	Not uncommon
332		Red-crested Cardinal	<i>Paroaria coronata</i>	Common
333		Magpie Tanager	<i>Cissopis leverianus</i>	Common at Misiones's rainforest
334		Chestnut-headed Tanager	<i>Pyrrhocomma ruficeps</i>	One pair seen at Salto Encantado PP
335		Black-goggled Tanager	<i>Trichothraupis melanops</i>	Common
336		Ruby-crowned Tanager	<i>Tachyphonus coronatus</i>	Common
337		White-lined Tanager	<i>Tachyphonus rufus</i>	Few at Ibera Marshes
338		Sayaca Tanager	<i>Thraupis sayaca</i>	Abundant
339		Palm Tanager	<i>Thraupis palmarum</i>	One at Puerto Iguazu
340		Blue-and-yellow Tanager	<i>Thraupis bonariensis</i>	Few at Gualeguaychu area
341		Diademed Tanager	<i>Stephanophorus diadematus</i>	Some individuals seen at Otamendi NR
342		Green-headed Tanager	<i>Tangara seledon</i>	Few seen at Iguazu NP
343		Chestnut-backed Tanager	<i>Tangara preciosa</i>	Only one individual near San Pedro.
344		Swallow Tanager	<i>Tersina viridis</i>	Common
345		Blue Dacnis	<i>Dacnis cayana</i>	Several individuals at Iguazu NP area
346		Guira Tanager	<i>Hemithraupis guira</i>	Common
347		Chestnut-vented Conebill	<i>Conirostrum speciosum</i>	One pair in a mixed flock at Iguazu NP
<b>Incertae sedis (Bush tanagers, Grassquits, etc)</b>				
348		Bananaquit	<i>Coereba flaveola</i>	Common
349		Grayish Saltator	<i>Saltator coerulescens</i>	Fairly common
350		Green-winged Saltator	<i>Saltator similis</i>	Not uncommon
351		Golden-billed Saltator	<i>Saltator aurantirostris</i>	Common
<b>Family Emberizidae (Emberizid Finches)</b>				
352		Rufous-collared Sparrow	<i>Zonotrichia capensis</i>	Abundant
353		Grassland Sparrow	<i>Ammodramus humeralis</i>	Common
354		Long-tailed Reed-Finch	<i>Donacospiza albifrons</i>	A pair at Ibera Marshes area
355		Black-and-rufous Warbling-Finch	<i>Poospiza nigrorufa</i>	Common
356		Red-rumped Warbling-Finch	<i>Poospiza lateralis</i>	Several at Gualeguaychu area
357		Black-capped Warbling-Finch	<i>Poospiza melanoleuca</i>	Common
358		Saffron Finch	<i>Sicalis flaveola</i>	Common
359		Grassland Yellow-Finch	<i>Sicalis luteola</i>	Common
360		Wedge-tailed Grass-Finch	<i>Emberizoides herbicola</i>	Few sights at Ibera's grasslands
361		Lesser Grass-Finch	<i>Emberizoides ypiranganus</i>	Few sights at Ibera's grasslands

Trip Report - NE Argentina 2008

362		Great Pampa-Finch	<i>Embernagra platensis</i>	Common
363		Blue-black Grassquit	<i>Volatinia jacarina</i>	One seen at Ibera
364	VU	Temminck's Seedeater	<i>Sporophila falcirostris</i>	Several individuals at Bamboo Tickets of Iguazu NP
365		Rusty-collared Seedeater	<i>Sporophila collaris</i>	not uncommon at Ibera Marshes
366		Double-collared Seedeater	<i>Sporophila caerulescens</i>	Common
367		Capped Seedeater	<i>Sporophila bouvreuil</i>	One seen at eastern Corrientes
368		Tawny-bellied Seedeater	<i>Sporophila hypoxantha</i>	One of the commonest "small" seedeater
369	NT	Dark-throated Seedeater	<i>Sporophila ruficollis</i>	Several at Ibera's grasslands
370	EN	Marsh Seedeater	<i>Sporophila palustris</i>	At least two males at Ibera's grasslands
371	NT	Rufous-rumped Seedeater	<i>Sporophila hypochroma</i>	Several at Ibera's grasslands
372	VU	Chestnut Seedeater	<i>Sporophila cinnamomea</i>	Several at Ibera's grasslands
373		Red-crested Finch	<i>Coryphospingus cucullatus</i>	Common
374	NE-EN	Yellow Cardinal	<i>Gubernatrix cristata</i>	Two pairs at Ibera area
<b>Family Cardinalidae (Grosbeaks)</b>				
375		Hepatic Tanager	<i>Piranga flava</i>	Not uncommon
376		Red-crowned Ant-Tanager	<i>Habia rubica</i>	Few sights at rainforest of Misiones province
377	NT	Blackish-Blue Seedeater	<i>Amaurospiza moesta</i>	One male at Iguazu NP
378		Glaucous-blue Grosbeak	<i>Cyanoloxia glaucocerulea</i>	Two males at Gualeguaychu area
379		Ultramarine Grosbeak	<i>Cyanocompsa brissonii</i>	Not uncommon
<b>Family Parulidae (New World Warblers)</b>				
380		Tropical Parula	<i>Parula pitiayumi</i>	Common
381		Masked Yellowthroat	<i>Geothlypis aequinoctialis</i>	Common
382		Golden-crowned Warbler	<i>Basileuterus culicivorus</i>	Common
383		White-browed Warbler	<i>Basileuterus leucoblepharus</i>	Common
384		Riverbank Warbler	<i>Phaeothlypis rivularis</i>	Few at rivers of Misiones province
<b>Family Icteridae (Orioles, Blackbirds)</b>				
385		Red-rumped Cacique	<i>Cacicus haemorrhous</i>	Common at its proper habitat
386		Golden-winged Cacique	<i>Cacicus chrysopterus</i>	One at Ibera's thorny woodlands
387		Solitary Black Cacique	<i>Cacicus solitarius</i>	Common
388		Epaulet Oriole	<i>Icterus cayanensis</i>	Common
389		Chopi Blackbird	<i>Gnorimopsar chopi</i>	Not uncommon
390		Scarlet-headed Blackbird	<i>Amblyramphus holosericeus</i>	Common
391		Unicolored Blackbird	<i>Agelasticus cyanopus</i>	Common at Ibera area
392		Yellow-winged Blackbird	<i>Agelasticus thilius</i>	Few at Otamendi and Ceibas
393		Chestnut-capped Blackbird	<i>Chrysomus ruficapillus</i>	Common
394	VU	Saffron-cowled Blackbird	<i>Xanthopsar flavus</i>	A small flock seen in Entre Rios after a hard work!
395		Yellow-rumped Marshbird	<i>Pseudoleistes guirahuro</i>	Pretty common at Ibera area
396		Brown-and-yellow Marshbird	<i>Pseudoleistes virescens</i>	Common
397		Bay-wing Cowbird	<i>Agelaioides badius</i>	Common
398		Screaming Cowbird	<i>Molothrus rufoaxillaris</i>	Common
399		Shiny Cowbird	<i>Molothrus bonariensis</i>	Abundant
400		Giant Cowbird	<i>Molothrus oryzivorus</i>	At least two at Iguazu NP
401		White-browed Blackbird	<i>Sturnella supercilialis</i>	Not uncommon
<b>Family Fringilidae (Cardueline Finches)</b>				
402		Hooded Siskin	<i>Carduelis magellanica</i>	Common
403		Purple-throated Euphonia	<i>Euphonia chlorotica</i>	Fairly common
404		Violaceous Euphonia	<i>Euphonia violacea</i>	Fairly common
405	NT	Green-throated Euphonia	<i>Euphonia chalybea</i>	Two seen at Salto Encantado PP
406		Chestnut-bellied Euphonia	<i>Euphonia pectoralis</i>	Several at Iguazu NP
407		Blue-naped Chlorophonia	<i>Chlorophonia cyanea</i>	Several individuals seen at Iguazu NP
<b>Family Passeridae (Sparrows)</b>				
408	I	House Sparrow	<i>Passer domesticus</i>	Abundant

Trip Report - NE Argentina 2008

ADDITIONAL SIGHTINGS - MAMMALS			
	Grey-pampa's fox	<i>Lycalopex gymnocercus</i>	Three different sights in open habitats of Entre Rios and Corrientes provinces
	Pampa's cavy	<i>Cavia aperea</i>	Abundant
	European Hare	<i>Lepus europaeus</i>	Common
	Six-banded Armadillo	<i>Euphractus sexcinctus</i>	One at perdices, Entre Rios
	Neotropical River Otter	<i>Lontra longicaudis</i>	One at Ibera Marshes
	Capybara	<i>Hydrochaeris hydrochaeris</i>	Common at Ibera
	Wild Pork (boar)	<i>Sus scorfa</i>	Two at Ibera
	Marsh Deer	<i>Blastocercus dichotomus</i>	One Male at Ibera Marshes
	Atlantic Bamboo Rat	<i>Kannabateomys amblyonyx</i>	One of this EXTREMELY rare species of the Atlantic Forest in a dense Bamboo ticket near San pedro (a tick for the guide too!)
	Red-brocket Deer	<i>Mazama americana</i>	One at Iguazu
	South-american Coati	<i>Nasua nasua</i>	Common at the Iguazu Falls
	Azara's Agouti	<i>Dasyprocta azarae</i>	Common at Iguazu NP
	Brown Capuchin Monkey	<i>Cebus apella</i>	A group at Macuco Trail, Iguazu NP
	Black Howler Monkey	<i>Alouatta caraya</i>	A group at Ibera
